

The Make-A-Wish Foundation

My charity is the Make-A-Wish Foundation. I think you should give the money to The Make-A-Wish because it helps diseased kids get a final wish. Make-A-Wish is a charity I contribute to every year. That is why you should give the money to The Make-A-Wish Foundation.

I think diseased kids are reason enough but here are a few other reasons why they are dying; don't they deserve a final wish? They are dying can't they ride a unicorn? Giving to The Make-A-Wish will make you feel great because it grants kids wishes. That's why you should give the money to Make-A-Wish.

Children with white, threatening diseases deserve a final wish. Make-A-Wish is a very successful charity. Thank you for sending the money to Make-A-Wish.
